

Piloting Results

The partners have been proceed with the piloting activities and tested the **Results No.3 and No.4**. The piloting activities involved **trainers, practionners, learners, managers and leaders** from all the partner countries **Germany, Poland, Estonia, Italy, Cyprus, Spain and Portugal**.

All Results are ready!

We are finishing our project, so, all the results are ready:

- Result No.1, the **Best Practice Handbook on Green Skills integration in VET**
- Result No.2, the **Benchmarking Tool**
- Result No.3, the **Matching Tool**
- Result No.4, **Facilitator eCourse**

You can find the final versions **here**:

Final Meeting in Rzeszów

21st of December the consortium met in **Rzeszów, Poland** where **CWEP** welcomed us. During the meeting, we reviewed the comments received in the different Multiplier Events done and we approved the last version of the results **Matching tool** and **RetroVET Facilitator course** and its content.

Furthermore, we were approving a **new project sustainability plan** to ensure growing use among training centers through the tools created, such as, for example, the matching tool where the centers will be able to collaborate to continue growing together in green skills.
